

## Holy Revelation “CHERISH”

descended in Chong-Ru Temple, Puli on Nov 25, 2017

Come here and follow our Holy Mater.

Human blood is all the same color.

Enjoy your youth; it will not be long.

Refine your soul with great power.

Improve the world and make it better.

Set a moral example to others.

Help people get rid of bitterness.

I am a pioneer of Tao propagation, the Third Prince, Nezha,  
descending to Chong-Ru Temple, by the order of Holy Mater.

After paying respects to Holy Mater,

I ask all my brothers and sisters are you peaceful and tranquil?

Quiet your mind and keep calm without worries.

Wait peacefully as I continue the holy revelation.

I am happy to see so many virtuous cultivators who are peaceful and sound.

All together follow the great sages' footsteps.

Be dedicated to Tao with utmost sincerity and truly put Tao into practice.

Encourage people with good affinity to come to the temple to learn Tao.

Perceive and realize one's original True Nature.

Having the opportunity to attend the Tao Seminar is based on one's affinity with  
Buddhas.

Cherish the moment and do not get lost.

Keep your innocent child-like heart.

Be happy and carefree. Bask in the holy light from the temple as you learn to follow  
in the footsteps of the saints and sages.

After a better understanding of the Truth, you should cultivate yourselves sincerely  
and determine a goal heading towards the full realization of Tao.

Become better by constantly improving yourselves, then you will be able to overcome  
difficulties.

Heaven blesses those with true intentions.

The Worthy Talents will be touched by the true heart which is in communion with  
Buddha's.

All of you are the worthy talents in the temple.

Shoulder responsibilities and pass the torch of Tao to the next generation.

Gather together, we are all one family. Encourage each other without any discrimination.

By practicing and elaborating the scriptures, one should be capable of purifying his or her mind since the Mystic Gate is opened by Holy Teacher.

Holy Mater sends Holy Teacher to initiate us. Teacher's guidance will take us back to our Heavenly Home.

Set your mind on the goal and make plans accordingly. Cultivation can help a person build a noble character with virtues.

The White-Yang Era Cultivators shoulder the holy responsibilities. Work heart-to-heart to transform the world into Great Harmony.

Eradicate your ill temper. Correct your mistakes and revert to good deeds by cultivating your heart.

Manifest Tao with complete sincerity. When encountering troubles, see it as an opportunity to cultivate your heart by staying tranquil and calm.

Surpass yourself and make a breakthrough in your state of mind. Dispel the clouds (weakness) and see the sun as restoring the True Nature.

The word of "CHERISH" from my heart to encourage all of you.

Do you understand what it means? (Answered: To love and treasure.) Yes! Yes!

Let's encourage one another.

Today, I have the opportunity to meet all of you. Holy Teacher is mercifully by My side.

Holy Teacher told me to encourage you with happy words. I see all of you have aspirations like Buddhas.

No matter if the road ahead of you is obstructed or not, you must have firm resolve and perseverance from your original heart.

It's totally up to you whether you choose to march forward or retreat. You will reap what you sow, so think carefully.

Since you are here, just stay calm and settle your mind here, too. Heaven on earth is inside of your heart.

Look around the divine Chong-Ru Holy Temple; Let's settle down to learn Tao, cultivate ourselves, and be inspired to bear the holy missions.

Fulfill your duties in every role to reach perfection. This unity shall bring more joyful laughter to the world.

Tao is in you so be sure to follow the Truth in Tao propagation. Restore the purity of your original True Nature and never forget your vows and aspirations.
